

AGING AND TECHNOLOGY FUNDERS COMMUNITY

An Initiative of  GRANTMAKERS
IN AGING

The Aging and Technology Funders Community provides a forum for funders who are exploring or investing in technology solutions to improve the experience of aging. Started in 2022, the Community includes over 20 funders and is open to all GIA members. This Funders Community is open to all GIA members. Virtual meetings take place every other month on Wednesdays from 2:00-3:00 PM Eastern. For meeting dates, please click [here](#).

Goals and Objectives

- Provide a formal community of practice to share information and strategic discussion around intersectional opportunities for funding aging technology.
- Discern targeted action steps for philanthropy to leverage technology.
- Deepen awareness of new or emerging aging technology solutions and provide best practices for vetting models.
